Great Oil Shortage

Walter C. Teagle, President of the Standard Oil Company of New Jersey, predicts that a great problem will have to be met in this country as regards making the oil supply meet the demand. Here is part of a long statement issued by Mr. Teagle:

"New uses are continually being found for petroleum products. We know that the percentage of growth of the oil industry during the past thirty years has averaged 8.54 per cent per annum. This may not seem a large figure by itself, but when one applies it to the quantities being consumed today, one realizes that it does not require a statistician to appreciate the magnitude of the problem of supply for the future. During the past year the United States has produced a little over 1,000,000 barrels a day of crude petroleum, a total of 376,000,000 barrels, according to the Government's preliminary figures. In addition to this there has been imported from Mexico about 60,000,000 barrels.

"The petroleum industry in this country, therefore, used during the

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was...," says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

At first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui, which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists

LET "DANDERINE" SAVE YOUR HAIR

Get Rid Of Every Bit Of That Ugly Dandruff And Stop Falling Hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.

last year a total of approximately 436,000,000 barrels. Apply 8.54 per cent of increase and one has 37,235,000 barrels additional required during the present year in order to meet the increased demand based on actual figures of past experience."

Chiropractic For Business Men—Business Success and Health

Mr. "Successful Business Man." This is a heart-to-talk with you. You will probably say, "Oh, I have no time to listen to any talk from you; am too much occupied with my business affairs. In these strenuous days they occupy all my time."

That may be true, but if we came to you and proved to you how you could increase your business output one hundred per cent you would greet us with the "glad hand," would pass out the cigars and would give us as much time as we needed.

Now our proposition is essentially a "Business" Proposition. We can show you just how you can increase your business efficiency, and if you increase your efficiency you are bound to increase your business output.

You may think that you are in word and truth a "Successful Business Man" when as a matter of fact you are a lamentable failure. Successful as regards raking in the "Almighty Dollar." We grant that, but what about your Health? If you are not the possessor of Health how long is this much vaunted success of yours going to last?

Now for a pertinent question.

DO YOU HANDLE YOUR BODY AS CAREFULLY AS YOU WOULD A BUSINESS PROPOSITION. I.e., IN A COMMON SENSE WAY? You must be Healthy, for in this turmoil of the modern business world

you must suffer, you must endure, you must stand up under stress and hardship and disappointment.

You may be passably Healthy, but you know you are not a one hundred per cent man in regards to Health. You get tired easier than you did ten years ago; every once in a while you have a sick headache; La Grippe gets you in its clutches periodically, while occasionally you have a touch of Hay Fever. All these things tend to lower your business efficiency and you know it although you have heretofore done nothing in the way of prevention.

Now for once use a little common sense, throw all prejudice to the winds and at the first opportunity call on your local Chiropractor, get him to palpate your spine and find out just where you stand.

If you need Chiropractic Spinal Adjustments he will tell you so; place yourself unreservedly in his hands and you will enjoy health.

Your Business Efficiency will be increased and success will always be yours. Isn't it worth trying?

And again don't be selfish about it. Pay a little attention to the wife and kiddies. Take or send them to the Chiropractor and in time everything that the average man craves, i.e., Health, Happiness and Success will be yours. Consultation and Spinal Analysis free.

How to Keep Baby Smiling and Well

See that the daily functions are regular and normal.

YOU can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice them cross and fretful you will usually find constipation is responsible.

Perhaps they have missed that daily function so necessary to comfort and health. Look at the tongue and see if the breath is bad. Watch for belching. These are the tell-tale symptoms of constipation. Tonight give a little of Dr. Caldwell's Syrup Pepsin, which you can buy at any drug store, and it will act in the morning and the troublesome symptoms promptly disappear.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin. Unlike the harsher physics it acts gently and without griping so that while grownups can use it freely it can also be given to a tiny baby with perfect safety. Thousands of American families would not think

of being without a bottle in the house for the emergency arises almost daily when it is needed.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

SOLD \$10,000.00 WORTH OF CREAM TO THE TRI-STATE BUTTER COMPANY

Harrison County Man Says He Never Received A Cream Check But That He Felt That He Had Been Given Right Weight And Test

"After 7 years' dealing we feel it your due to have a word of appreciation for your square dealings in that time", writes Charles Bonham, a well known and respected farmer of Harrison, Ohio.

Mr. Bonham is well known in his community and takes an active part in all activities for the betterment of the agricultural interests. He has a herd of 21 Jerseys and he considers them best for cream production.

"We sold a few cans of cream to the new local stations to try them out", continues Mr. Bonham, "but always went back to The Tri State." Mr. Bonham received over \$10,000.00 in Tri State checks during the past 7 years and butter-fat was considerable cheaper 7 years ago than it is today. Every new cream buyer that opened up shop, tried to buy Bonham's cream—he was coaxed to give them each a trial, but even tho the station buyers did their best, it was useless for Mr. Bonham to sell his cream to a commission buyer, for when one handles a herd of 21 cows, the hard work is done before the cream is brought to town and when the cream is in town, Mr. Bonham couldn't see any use in taking from 3 to 5 cents per pound less for his cream in order to favor a cream buyer, especially when he knew his check would come along from The Tri State in a few days after shipping, bringing the FULL price for the cream.

The Tri State Butter Company only buys from the producer and every shipment is received in the patron's own can and over 35,000 of the largest cream producers find it a big advantage to ship DIRECT, as it gives the creamery so much better quality of cream and consequently a better price to the producer compared to the mixing of all kinds together.

We will gladly send Free Trial Cans for 30 days to any one needing cans to give us a trial. If you have cans, write for shipping tags. The Tri State Butter Company, Cash Capital, \$250,000.00; 950 Kenyon Ave. Cincinnati, Ohio. 22-2t.

Prominent Educator Believes That Vapometha Is A Safe Preventive

Dr. R. M. Branc, discoverer of Brame's Vapometha Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brame's Vapometha Salve for nearly all the ills for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions." These strong statements are fully justified by the remarkable recoveries that follow. Brame's Vapometha Salve is applied freely over the chest and throat and inserted in each nostril.

Vapometha is applied externally and it will not stain the clothes or other salves do. No home should be without it. Buy it from your druggist or direct from the Brame Drug North Wilkesboro, N. C. A bottle costs 30c; a much larger containing six times as much, \$1.50.

The Doctor Says: "You Never See Aged Fat People"

The physician is telling these two patients, each of whom feels "more or less upset most of the time," that if they reduce their weight they will become healthier, more contented—and longer lived.

Overstuffedness imperils the health in many ways. The accumulations of adipose tissue, packed around the vital organs, cause serious disorders, one of the most dangerous being the liability to sudden HEART FAILURE. If you are corpulent, you know the strain upon your heart, particularly when compelled to undergo some unexpected activity. Your life is no stronger than your heart. Don't risk untimely death. Ask any physician what this means!

REDUCE WEIGHT HAPPILY!

Fat people are often victims of apoplexy, collapse from heat or sunstroke. The risk of accidents is greater than among persons of normal weight. When fat people become ill from almost any ailment their risk of death is greater. And you want to live!

Adiposity dulls the mental as well as the physical processes. It impedes progress toward social, or professional, or business success. It is the foe to efficiency, symmetry and personal beauty.

How YOU May Grow YOUR Hair
My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a little which will grow when fertilized. Shampoos (which contain alkalis) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Kotalko contains those elements of nature which give new vitality to the scalp and hair.

Indians' Secret of Hair Growth
At a time when I had become discouraged at trying various hair lotions, tonics, sprays, treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That very plentiful and happy is expressing my state of mind wildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I begotled for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

Indians' Secret of Hair Growth
At a time when I had become discouraged at trying various hair lotions, tonics, sprays, treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That very plentiful and happy is expressing my state of mind wildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I begotled for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

KENTUCKY WEED AT HIGH POINT

Kentucky type tobacco produced in this state and immediately adjoining areas in 1919 totaled 698,340,000 pounds and will bring the farmers an estimated sum of \$222,671,000 as against but \$154,304,000 for the 1918 crop, according to figures issued at Washington by the Department of Agriculture. This money value to the farmers for the 1919 crop is just 4.19 times what the farmers in the same territory received for their 1909 yield. As compared with 1909 figures burley gained in value 4.57 times to the farmers.

The total tobacco crop for the United States was 1,389,458,000 pounds as against 1,439,071,000 for 1918. Chewing, smoking, snuff and export types of the 1919 crop totaled 1,157,840,000 against 1,186,000,000 in 1918. Cigar types were 218,853,000 pounds against 244,936,000 in 1918.

DOLLARS AND CENTS
Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during winter and spring months. Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—that was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring suggested doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If it is now known as Nature's Remedy, would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each small brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (or tablet) and will be happier, healthier, happier people for it. I hope you will be one of them.
